Genre
- The Festival caters for Choirs and Vocal Ensembles
- Sections have been devised to cater for:
  - Large and small choirs.
  - Experienced and beginning choirs.
  - Selected and unselected choirs.

2 Preparation Details
- The selected songs should be of a suitable range and difficulty.
- Breath control needs to be sufficient to support the vocal singing line.
- Singers should project good singing tone with vitality, control and enthusiasm.
- Expression and other performance markings should be observed.
- Part song singing should occur only after the choir has successfully performed unison songs with pitch stability.
- The interpretation should be consistent and stylistically correct.
- Attention should be given to nuances and contrasts especially in strophic songs.
- *It is recommended that where many verses are repeated with the same melody but different words, then the treatment of each verse should be changed imaginatively. Even if there is a large number of such verses no more than three verses should be sung.*
- There is strict adherence to the set maximum time limits.

3 Organisational Details
- A choir must not exceed the number of 80 performers.
- Participants in all choir sections are expected to provide a student announcer to introduce the choir and announce the two items.
- The performance will only commence after the adjudicator gives the signal.
- It is the school’s responsibility to arrange for an accompanist and choir transportation.
• Students must perform with accompanists. Tapes and CDs are not to be used.
• Seating plans will be provided for the venue and a map sent showing the stage entry, exit and placement. Please practise choir positions so that students can achieve performance positions within about 90 seconds.
