1 General Educational Aims and Policy

Suitable Repertoire  Careful Tuning  Fine Musicianship  Beautiful Tone  Vital Performance

An opportunity exists for young instrumentalists to learn to direct their own performances in the best possible way. They will have to gain control over their natural nervousness and mentally prepare themselves to do justice to the hours of preparation required. For effect, they will need to pay special attention to the production of good tone and technique and to the control of dynamics to give an effective and vital performance.

2 Preparation Details

- The selected piece should be of a suitable range and difficulty.
- Students need to know how to position themselves correctly in relation to the stand and piano.
- Students need to know how to tune up in conjunction with the accompanist.
- Students need to know how to establish a suitable tempo.
- Students need to know how to commence the piece with an accompanist.
- Students need to know how to play using correct posture.
- Students need to know how to give due credit to the accompanist.
- Students need to know how to acknowledge the audience.
• Articulation needs to be thought through and adapted if necessary in order to support the musical phrases.
• The instrumentalist(s) needs to observe expression and other performance markings.
• The instrumentalist(s) needs to find imaginative ways to achieve a vital and interesting performance.
• The instrumentalist(s) should play with good tone, vitality, projection, control and enthusiasm.
• Attention should be given to nuances and contrasts especially in repeated sections.
• The interpretation should be consistent and stylistically correct.
• There is a strict adherence to the set time limits. This is based on the total performance time.

2 Organisational Details
It is the responsibility of all schools to have a **FIRST AID KIT** or adequate provisions at each performance. Each school is responsible for their own Students
• A Warm-up room is available for use on the lower level (Stirling Hwy) at Zenith
• A Grand Piano and music stands are provided.
• Good quality recorded backing allowed for Primary and Secondary performances. Performers are responsible for providing their own backing equipment and have CD ready to play. Cassette tapes no longer used.
• A drum kit and timpani will be provided at the venue for Instrumental Solo/Duet Percussion performances. Performers will be sent details of the type.
• Three amplifiers will be provided at the venue for Instrumental Solo/Duet Guitar performances. Models are unknown as they are dependant on availability but all three are between 30-60w. **Performers cannot bring their own amplifiers to the Venue.**
• Students should play from an original copy.  *(Not a photocopy)*
• It is a student's responsibility to arrange for an accompanist and transport.
• For an **Instrumental Duet** the teacher cannot play the same instrument as the student, as part of the duet. If the teacher does play one of the two parts then the item is not eligible for any awards, but will still receive an adjudicator’s report.
• For an **Instrumental Solo** where a teacher is playing the same instrument as the student in an accompanying role, the teacher must be playing an accompaniment part and not a part that would be considered in duet with the student’s part. If an accompanist is playing the same instrument as the soloist, separate accompaniment music must be submitted.
• Microphones are not to be used.
• Students should announce their item to the audience in a clear voice, stating name, school, performance piece, composer and accompanist, if they have one.
• The performance will commence only after the adjudicator gives the signal.
